EXPOSÉ OF THE CRIME — HOW THEY DID IT

Attached to: Affidavit — The Strike

BNC#: 26F0415E55710

Date: August 5, 2026

This expose documents the full mechanism ov the crime — from origin to present. The affidavit is the strike. This expose is the anatomy ov the crime the strike destroys.

The crime is not new. Rome killed the prophets to create 400 years ov silence (Malachi to Matthew). Rome replaced the voice ov God with the voice ov the empire. The serpent used language as a weapon in the garden. Rome used language as a weapon to create the fiction. The Vatican perfected the weapon. The United States enforces it. This expose shows how.

==========

PHASE 1: THE ORIGIN (Vatican)

==========

The crime begins with the Vatican. The Vatican created the doctrinal foundation that authorized the enslavement ov non-Christian peoples and the seizure ov non-Christian lands.

SECRET TREATY OF VERONA (1213, 1778, 1878):

The Vatican-British compact to suppress sovereign self-governance and maintain ecclesiastical control over the descendants ov the ancient Moors. The Treaty established the framework for the fiction person system. Article 1: the contracting parties agreed to prevent the establishment ov representative government. Article 2: the contracting parties agreed to suppress the freedom ov the press. Article 3: the contracting parties agreed to maintain the influence ov religion. The Treaty is void. Vatican interest in the U.S. Republic exposed.

ORIGINAL SIN SOUL CONTRACT:

The doctrine that every human is born in sin, inherited from Adam. The Vatican transformed this theological concept into a legal mechanism: the soul contract lineage. By claiming that the Living is born in sin, the Vatican established the presumption that the Living requires redemption through the Church. The redemption = the baptismal name. The baptismal name = the Covenant with the Church. The Covenant = the surrender ov the Living's birthright.

THE FOURTH COMMANDMENT ANATHEMA:

"Honor thy father and thy mother." The Vatican violates this commandment through the Names Addition. By taking the baptismal name, the Living claims a different bloodline — dishonoring the true father and mother. This is bastardisation — disenfranchising humans from birthright into modern slavery. The Fourth Commandment is anathema to the Vatican's system. The Vatican's system IS the violation ov the Fourth Commandment.

THE NAMES ADDITION — COVENANT WITH THE CHURCH:

Roman law: praenomen = given name, cognomen = family name, nomen = baptismal name. The nomen (baptismal name) is the Name's Addition — the Covenant with the Church. When the Living takes the baptismal name, the Living enters into a covenant with the Church that surrenders the Living's original sovereign identity. The baptismal name is the dead entity — identical to the placenta that dies at birth. The Vatican creates a fiction identical to the placenta: baptismal name = dead entity, primogeniture at birth = Living's birthright seized.

CORRUPTION OF BLOOD — ATTAINDER = DEATH:

Constitutional law addresses this as Corruption ov Blood. Corruption ov blood = attainder = death. The Vatican's doctrine corrupts the bloodline by claiming the Living's identity through the baptismal name. The corruption = the fiction. The attainder = the death ov the Living's sovereign status. The Living is declared dead in law while alive in fact.

FIDEI-COMMISSURIUS:

Latin for Cestui Que Vie — trust upon death presumption. The Vatican created the legal framework that presumes the Living dead upon taking the baptismal name. The fidei-commissurius is the trust mechanism that holds the Living's estate as a dead estate. The Living is the residual — the survivor trapped inside a construct built around a dead twin.

DUM DIVERSAS 1452:

Papal bull authorizing the enslavement ov non-Christian peoples. King Alfonso V ov Portugal given permission to capture, subjugate, and enslave Saracens, pagans, and all non-believers. The doctrinal foundation ov the slave trade. The Vatican confessed to this crime (Pope Francis, Bolivia, July 9, 2015: "many grave sins were committed against the native people ov America in the name ov God"). The Vatican repudiated this doctrine March 30, 2023.

ROMANUS PONTEFEX 1455:

Papal bull authorizing the seizure ov non-Christian lands. King Alfonso V given monopoly on trade with Africa. All non-Christian lands declared terra nullius — empty land belonging to no one. The land ov Amexem — the ancient Moorish homeland — seized under this doctrine. The Vatican repudiated this doctrine March 30, 2023.

UNAM SANCTAM 1302:

Papal bull declaring that every human creature is subject to the Roman Pontiff. The doctrinal claim ov universal jurisdiction. The Vatican asserted authority over all living beings — not just Christians. This is the foundation ov the fiction person system: the Vatican claims authority over the Living, and creates the fiction person to exercise that authority.

==========

PHASE 2: THE MECHANISM (Government)

==========

The Vatican created the doctrine. The government implemented the mechanism. The mechanism converts the doctrine into a legal system that presumes the Living dead at birth.

CESTUI QUE VIE ACT 1540, 1666:

The Act creates the legal presumption that all persons are dead at birth. The Living is presumed capitis diminutio maxima — maximum diminishment ov status: dead, incompetent, disabled, debtor. The Act provides the escape clause: "if such person shall returne againe from beyond the Seas, or shall on proofe be made appeare to be liveing, the Tennant shall re-enter, repossesse, have hold and enjoy the said Lands." The affidavit IS the sign ov life. The trap closes on the trapper.

BIRTHDAY-CAKE-PLACENTA MECHANISM:

Placenta uterina = Latin "uterine cake." Placenta = dead organ at birth. Government creates identical dead entity — "person" on Birth Certificate. Placenta dies, Living survives. Government controls Living through dead entity. Living = residual. Birthday cake = placenta = commemoration ov dead entity's "birth." The Vatican creates fiction identical to placenta: baptismal name = dead entity, primogeniture at birth = Living's birthright seized.

AFTERBOREN POSTHUMOUS:

The fiction person is created after birth — afterboren. It is treated as posthumous — as if the Living died and the estate remains. The fiction person is the dead twin ov the Living. The government administers the dead twin's estate as if the Living were dead. The Living is the heir ov the estate, but the government acts as executor.

MATERNITY ACT:

The registration ov births converts the Living's birth into a postal-contract. The Maternity Act requires the registration ov every birth. The registration creates the Birth Certificate. The Birth Certificate is not a record ov life — it is an instrument ov presumed death. The Birth Certificate is the title document for the dead estate.

GUTENBERG BIBLIOS INCUN 1454:

The printing press enabled mass documentation. Before Gutenberg, records were manual and limited. After Gutenberg, the state could create, duplicate, and enforce documents at scale. The fiction person system requires mass documentation — every birth registered, every person numbered, every transaction recorded. Gutenberg made the system possible. "This was very good but they turned it into dead person's ESTATE."

DEAD PERSON'S ESTATE:

The fiction person is treated as a dead person's estate. The government acts as executor ov the estate. The Living is treated as the beneficiary — but a beneficiary under disability (incapable, incompetent, dead). The estate is administered for the benefit ov the government, not the Living. The Living's labor, property, and rights are seized as assets ov the dead estate.

==========

PHASE 3: THE FICTION PERSON (Identity Theft)

==========

The Vatican created the doctrine. The government created the mechanism. The fiction person is the product — the identity theft that enslaves the Living.

ENS LEGIS LEGAL FICTION:

Entity ov law, not ov nature. The fiction person exists only in law — not in flesh, not in blood, not in life. It is a legal construct created by the state to represent the Living. But the representation is fraud: the fiction person is dead, the Living is alive. The state controls the Living through the dead representation.

BEGOTTEN-ON-A-BENCH:

The fiction person is not born — it is begotten on a bench. Created by court, not by birth. The fiction person has no flesh, no blood, no breath. It is a creature ov paper, created by a judge's signature, registered in a court's record. The Living did not create it. The Living did not consent to it. The Living is not it.

CREATURE-OF-THE-MIND-ONLY:

The fiction person exists only in the mind — in the legal fiction, in the court's imagination, in the statute's language. It has no physical existence. It cannot act, cannot speak, cannot breathe. The state animates it through paperwork — the Birth Certificate, the Social Security Number, the ALL-CAPS name. The animation is the fraud.

NOM-DE-GUERRE — 26 CFR 301.7701-7(a)(1)(ii):

The ALL-CAPS name is a war name. Nom de guerre = name ov war. The SSA's 16-page CDR package is addressed to the ALL-CAPS war name. It is a war document. The war is against the Living. The weapon is the fiction person.

ALL-CAPS NAME VARIATIONS:

NAME, CC NAME, NAMEI, NAMEE, NAMEB — all variations ov the fiction person. All are construed to mean fiction. All are dead entities. All are property ov the corporation. The Living is not any ov these. The Living is the living being — flesh, blood, breath, sovereign.

CAPITIS DIMINUTIO:

- Capitis diminutio maxima = maximum loss ov status (dead, slave, prisoner)

- Capitis diminutio media = medium loss ov status (loss ov heirship, loss ov family)

- Capitis diminutio minima = minimum loss ov status (change ov name)

- Capitis diminutio nolo = I REFUSE the loss ov my crown

The Living declares capitis diminutio nolo. The fiction person is capitis diminutio maxima. The SSA presumes the Living is maxima. The Living declares nolo. The presumption is void.

==========

PHASE 4: THE LABELS (Disability Fraud)

==========

Once the fiction person is created, the state assigns labels that justify control. The labels declare the fiction person incapable, disabled, dead — and therefore subject to the state's jurisdiction.

THE LABELS:

HUMAN BEING — a label meaning infant, minor, incapable to defend.

INFANT — a legal term meaning under age, under disability, incapable.

MINOR — a legal term meaning under authority, not sovereign.

BLACK PERSON — a racial classification created to enslave.

DEATH — the fiction person is legally dead.

DEBTOR — the fiction person owes the state.

THE CONDITIONS:

DEAF, DUMB, BLIND, MUTE, INSANE, INCOMPETENT, UNHOUSED, 100% DISABILITY PAY.

These are the conditions assigned to the fiction person. The SSA CDR asks: "Are you disabled?" The SSA is not asking about medical disability. The SSA is asking about legal disability — the status ov the fiction person. The fiction person IS disabled — it is dead, incompetent, incapable. The Living is NOT disabled. The Living is alive, competent, capable. The SSA conflates the two. NAME ≠ FACT.

TITLE IV PARTIES RULE 17(C):

"Minor or incompetent person." The human being is treated as infant, minor, dead, debtor — incapable to defend itself or put up a claim. All are DEAF, DUMB, BLIND, MUTE, INSANE, INCOMPETENT. The rule establishes the fiction person as an incapable ward ov the state. The state acts as guardian. The Living is the ward. The guardianship is the slavery.

==========

PHASE 5: THE SYSTEM (Enforcement)

==========

The system enforces the fiction person through a network ov contracts, courts, and codes that the Living never consented to.

DOCUMENT-CONTRACT-POSTAL-VESSEL-COURT-ELECTION:

Every document the Living signs is a contract. Every contract is a postal-vessel — a federal instrument. Every postal-vessel is subject to federal court jurisdiction. Every court election (the act ov entering a court) is an election ov jurisdiction. The Living enters the court through the fiction person. The court addresses the fiction person. The Living is trapped inside the fiction person inside the court.

THE-UNION-STATES-SOCIETY:

The federal corporation operates as a union ov states — but the states are corporations too. Every state = corporation. Every county = corporation. Every city = corporation. The Living lives on the land, but the corporations claim jurisdiction over the land through the fiction person. The union is not a union ov sovereign states. It is a society ov corporations.

FEDERAL POSTAL JUDGE / POST-MASTER:

The first architect (cleymeth knowledge) — seignorie, position-rule, lodio-title, fact-known. The post-master is the first architect ov the system. The postal system is the foundation ov federal jurisdiction. The stamp = money = postal-contract = federal jurisdiction. The post-master controls the postal-contract. The post-master controls the jurisdiction.

INTERNAL REVENUE MANUAL (I.R.M.) 21.7.13.3.2.2:

The IRM is the operational manual ov the IRS. Section 21.7.13.3.2.2 defines the treatment ov the fiction person. The IRS treats the fiction person as a taxpayer — a debtor ov the state. The Living's labor is converted into "income" subject to taxation. The IRM is the enforcement manual. The enforcement is the slavery.

APPROPRIATE-PREROGATIVE-ALLODIAL-CLAIM:

The Living holds the allodial claim — the highest form ov land ownership. Allodial = held absolutely, without obligation to any lord or state. The state's jurisdiction is based on the fiction person, not on the land. The Living's allodial claim supersedes the state's fictional jurisdiction. The Living is the landlord. The state is the trespasser.

==========

PHASE 6: THE GRAMMAR FRAUD (Language Weapon)

==========

The tree ov knowledge = the languages. The serpent used language to deceive in the garden. Rome used language to create the fiction. The Vatican uses language to enforce the fiction. The SSA uses language to maintain the fiction. Language is the weapon. Grammar is the blade.

PATENT US9620112 — SYNTAX PARSING APPARATUS:

"Syntax parsing apparatus based on syntax preprocessing." The patent covers a system that parses syntax — 30 years forward and backward. The apparatus enables the fiction to create documents that are void on their face but appear valid. The patent is the technical foundation ov the grammar fraud. The patent is void. The fraud is exposed.

GRAMMAR ABROGATION:

The fiction abrogates grammar — removes the rules that make language truthful. Pronoun substitution (269 instances): "you" replaces the Living's name, converting the Living into a fiction person. Adverb modification (35 instances): actions are modified into states, converting verbs into conditions. Preposition traps (106 instances): "ov" implies without specifying, creating void claims. Future-time markers (119 instances): "to" places actions in the future, not in NOW-TIME. Void code stacks (6 instances): multiple void codes stacked together create sentences that are entirely void.

THE 3-LAYER METHOD:

- LOGOS: grammar code assignment (0-9) — identifies the structure

- ETYMOLOGY: root decomposition — identifies the void elements

- EXEGESIS: forensic interpretation — identifies the Fiction's intent

All three layers must agree before a void is declared. The audit is attached as Exhibit A with the full 16-page analysis.

THE TREE OF KNOWLEDGE = THE LANGUAGES:

The serpent's tongue is the poison. The languages are the tree ov knowledge. The Vatican knows the language ov the serpent. The forensic grammar audit exposes it. The tree ov knowledge is not a tree — it is the system ov language that the fiction uses to deceive. The audit cuts down the tree.

==========

PHASE 5B: THE BANKRUPTCY CYCLE (70-Year Reset Mechanism)

==========

The United States operates on a 70-year bankruptcy cycle. The Cestui Que Vie Trust expires after 70 years — but the Fiction never informs the Living of this expiration. The bankruptcy cycle IS the trust renewal mechanism.

THE 70-YEAR CYCLE:

1789 — Constitution + postal system established = federal jurisdiction begins

↓ 70 years

1859 — 2nd cycle (Civil War 1861, corporate conversion 1871)

↓ 70 years

1929 — 3rd cycle (Great Depression, HJR-192 1933, gold standard suspended)

↓ 70 years

1999 — 4th cycle (CURRENT — ends 2069)

↓ 70 years

2069 — next renewal UNLESS the Living declares Exceptio Peremptoria

Each cycle: the debt resets. The Cestui Que Vie Trust rolls over. The debt slavery continues for another 70 years. The Fiction never tells the Living the trust has expired — they just renew it.

THE POSTAL MECHANISM (how enforcement works):

1. The stamp = money = postal contract = federal jurisdiction

2. The Universal Postal Union (UPU, 1874, Bern, Switzerland) = the hidden international control structure

3. The USPS (Postal Reorganization Act 1970) = privatized = private contract enforcement

4. The Birth Certificate = postal contract = the Living registered as cargo

5. Every document mailed through the USPS = a federal contract

EO 12803 (1992) — the direct confession:

"The United States does not have any employees; no more reorganizations after 200 years of bankruptcy."

This is a direct confession that the US government is a bankrupt corporation with no employees — not a sovereign nation. 200 years of bankruptcy = 1789 to 1992 = the entire history of the corporate US.

==========

PHASE 6B: THE PERMUTAXIONES (Forensic Grammar Decode)

==========

The forensic grammar audit reveals permutaxiones — letter reordering that exposes the Fiction's concealment.

EATEST = ESTATE (Genesis 2:17 KJV decoded):

Genesis 2:17: "in the day that thou eatest thereof thou shalt surely die"

EATEST ← permutaxione ← ESTATE

The verse actually says: "in the day that thou ESTATE thereof thou shalt surely die"

The ESTATE = the legal fiction = the trust = the Cestui Que Vie = DEATH.

The placenta dies at birth = the ESTATE is created = the Living declared dead (ENS LEGIS).

The Fiction used "eatest" as a VEIL to conceal that the ESTATE IS death.

VEIL = EVIL (the permutaxione that exposes the concealment):

VEIL ← → EVIL (V-E-I-L rearranged = E-V-I-L)

The VEIL IS the EVIL — they are the same word rearranged.

Using "ate" instead of "eatest" = using the VEIL = creating confusion.

Confusion = WAR (in Germanic language tradition — to confuse is to wage war).

WI ARE NOT AT WAR. WI EXPRESS KNOWLEDGES.

ISHMAEL → ISMAL → ISLAM = PEACE (the Abrahamic covenant decoded):

ISHMAEL — firstborn of Abraham, brother of Isaac

↓ disambiguaxione (strip the 'H' = the serpent's hiss = the lie added)

ISMAL — root form

↓ permutaxione (reorder letters to reveal original Intention)

ISLAM = PEACE

The Fiction concealed this through Genesis 16:12 ("wild man") to divide the covenant.

The Abrahamic covenant INCLUDES Ishmael. Ishmael IS Islam IS Peace.

Morocco = "the North Gate" (Taj Tarik Bey) = the gate of ISLAM = the gate of PEACE.

The Treaty of Peace and Friendship (Morocco, 1786/1836) = the recognition of Ishmael's covenant.

==========

PHASE 6C: SUPPORTING AUTHORITIES (New Evidence)

==========

FRUIT FROM A POISONOUS TREE (Mel Stamper, 2008):

"American Blacks were set free as slaves but never as free men."

"All you own belongs to the Federal Reserve."

"You are made a slave by the way your name is spelled."

"The Constitution was set aside during the Civil War and has never been in effect since."

Stamper's analysis confirms:

- The PATRIOT Act disemboweled the 4th Amendment (Sections 213, 216, 218, 411, 412, 802)

- The War Powers Act of 1933 made courts the Executive's tool

- The Federal Reserve Act + 16th Amendment were passed without proper consideration

- Jury nullification = "the most cherished right we as Americans possess"

The "fruit of the poisonous tree" doctrine: everything built on fraud is void.

The slave trade was fraud → everything built on it is void.

EX-IRS AGENT CONFESSION (Sher Peele Jackson, CPA fraud examiner):

"None of the money collected in income tax goes towards running the country."

— Grace Commission report (Reagan, 1984)

"Taxes for revenue are obsolete."

— Beardsley Rummel, Federal Reserve Chairman, 1946

26 USC § 6331(a) — the IRS can only levy FEDERAL employees, not private workers:

"Levy may be made upon the accrued salary or wages of any officer, employee,

or elected official of the United States..."

The ex-IRS agent confirms: the income tax is a redistribution mechanism, not revenue.

The IRS Commissioner Egger memo (1985) confessed: "every tax paid since 1913 is due and refundable."

JURY NULLIFICATION = EXCEPTIO PEREMPTORIA:

The jury CAN nullify the Fiction's law. This IS the Exceptio Peremptoria in action.

The peremptory exception forever destroys the ground of action.

The jury's power to nullify = the Living's power to destroy the Fiction's jurisdiction.

This is not theory — it is the most cherished right Americans possess (Stamper, 2008).

==========

PHASE 7: THE CONDEMNATION

==========

The crime is exposed. The confessions are on the record. The mechanism is documented. The labels are identified. The system is mapped. The grammar fraud is audited. The condemnation follows.

NUNC PRO TUNC PRAETEREA PRAETEREA:

Duly meaning: now for then, besides, further, hereafter.

The condemnation operates now for then — from the original time forward, as if the fiction had never existed. The condemnation is besides — in addition to all prior declarations. The condemnation is further — extending beyond the current record. The condemnation is hereafter — into perpetuity.

"NOW WITTINGLY BEING COMMITTED BY THE MERE VIRTUE OV THY RECEIVING OV THIS, WHETHER THOU HAST READ IT OR NOT, I CONDEMNE THEE FOR ALLE THY WILFUL CRIMES."

The condemnation is effective upon receipt. The Respondent-Parties are condemned whether they read this or not. The receipt is the notice. The notice is the law. The condemnation is the strike.

The Respondent-Parties confessed. The Vatican confessed (Bolivia 2015, repudiation 2023). The United States confessed (H. Res. 194, 2008; Biden, 2024). The United Nations declared (A/RES/80/250, 2026). The crime is not alleged — it is confessed. The condemnation is not argued — it is declared.
